
Wanted - Part-worn road-legal tyres

Posted by PhilCBR - 2007/07/03 10:58

Hi racers,

I am looking some part worn road-legal tyres for an SV650 (getting it back on the road with hope of racing in 400/SV class). The sizes are 120 front (17") & 160 rear(17"). Bikes with these sizes include steel framed CBR600s, supermotos and many 250 & 400cc bikes.

I would be happy just to buy the fronts if you are racing a bike with a larger rear section (most bikes these days :(:-({)= :cry:).

If you have any part used tyres that you might like to get a bit of money back on please let me know.

I am based in Coleraine incase you are reading from darkest Russia #-o :lol:

Cheers,

Phil
