Message from Keith Amor

I am selling an ex Tom Sykes TAS Suzuki 600 ,this bike was Tom's spare bike from last year,I bought the bike 3 months ago from TAS and i have only raced it twice due to commitments with other Teams and Sponsors.! The engine was rebuilt just before i bought it and was making 133 bhp on the TAS Dyno.

The bike has the following list of parts on it...

ohlins rear shock and 25mm k-tech cartridges in the front forks

yoshimura em pro ignition system as well as a dynojet quick shifter

leo vince full titanium exhaust system

ultralight race bodywork (lighter than carbon fiber)

R&G full frame protectors made just for tom sykes

remote front brake adjuster

goodridge brake hoses front and rear

carbon lorraine c55 brake pads

promach rearsets

race clipons

billet alloy quick action throttle

carbon hugger

renthal sprockets

titanium nuts & bolts

The bike comes with a spares package which includes: new air filter,levers,shock springs,sprockets,kit radiator,rear sets,oil filters,gaskets,and spare wheels, with an option on new unpainted ultralight bodywork.
