A collection of racing bikes are being sold off locally and two of them are said to have been Joey Dunlops. Anyone have any more information on the two classics or even photo's :?: as I dont want to be a tyre kicker calling round and wasting my time.

I have an SV650 year 2000 for sale, it was raced by Colin Edwards in the AMA and also by Stanley Woods in the 1930 senior TT. Normally they go for Â£1600, but due to its heritage I am looking Â£12,500 + extra for the decals hand-painted on by Leonardo Da Vinci. :lol: 8) :lol: :lol: :lol: :P
