After completing the registration form on the website you should receive an e-mail from PaddockGossip.com confirming your registration details. If you do not receive this e-mail within 24 hours please contact the admin team through the Contact Us page.

Note that we have experienced some issues with hotmail and msn users with e-mails not getting to their accounts. If you believe your account has not been activated please first try to login and then contact the admin team if this does not work.

We are currently in discussions with hotmail and msn to get this resolved.
