
Got a bebo. Copy and paste them. I'm not bothered.

Posted by Savo - 2008/06/22 19:25

This forum must be a very powerful medium. A well known photographer knew of Savo :ohmy: . I just take snaps of bike races. If people like them brilliant. Was told/lectured/instructed yesterday from a photographer that I should watermark all my images for a number of reasons, copyright blah blah. Thanks for the advice mate.
