I've heard he's teamed up with Jeremy McWilliams and will be doing a 7 round Spanish championship.

I believe he's riding a bike similar to the new Motogp2 class and will have American backing.

Glad to see he's secured a ride however his talents will be missed on the BSB stage.

Good Luck Ian:cheer:

perhaps McW can get him into the moto2 paddock before the end of the season.
but it would be nice to see him back in bsb next year again, if not any sooner.

I was talking to him in Spain earlier this month.

He is running in the Spanish championship on his new FTR Moto2 bike and picking up a few Moto2 wildcards during the year, think one is in the US.

Irish Racer is/has putting something in the news about him.
